BARNSTABLE FIRE DISTRICT WATER DEPARTMENT

VOLUNTARY OUTDOOR WATER USE RESTRICTIONS

TO THE RESIDENTS OF THE BARNSTABLE VILLAGE PER ORDER OF THE BOARD OF WATER COMMISSIONERS:

Effective August 16, 2016 the Barnstable Fire District has implemented voluntary water conservation program in response to the Massachusetts Drought Management Task Force Drought Advisory for the Cape and Islands.

Please implement the following important conservation restrictions:

- 1. Water only when necessary! Do not water if rain is forecast, and install a rain sensor to prevent automatic sprinklers from operating after rain.**
- 2. Avoid outside watering between the hours of 6:00 a.m. and 6:00 p.m.**
- 3. Residents residing in homes on odd number side of the streets are asked to water lawns and gardens on odd numbered days only. Residents residing in homes on the even sides of the streets are asked to water lawns and gardens on even numbered days only**

Thank you for your assistance during this drought.
